

Simply Benedictine: Come & See

A Live In Experience

This is an opportunity for women ages 16-45 to learn more about the religious life and what this call may mean for you. We offer in-person day, weekends, and longer opportunities for observation to young women who wish to learn more about the monastic life and what it may mean for you.

Spend time with the sisters in prayer, the sharing of meals and learning about our way of life as we live it at St. Scholastica Monastery, Fort Smith, Arkansas. Why not come and see and learn what the days offer?

We will "walk with you" and share our insights with you about how God called us to monastic life. Talk with the vocation director about where you are in your journey.

What We Offer:
